Sick-Day Log

Symptoms & medicine times — one page per day. Jot as you go, hand it to the doctor or a sub caregiver if you need to tap out.

Date | Who's sick (name) | Day of illness

Symptoms & temperature

Time	Temp	What you're seeing (fever, cough, tummy, energy, mood…)

Medicine log

Time given	Medicine & strength	Dose given	Next dose okay at	Given by

Call the doctor if — your gut says so, breathing looks hard, fluids won't stay down, fever won't quit, or the child is hard to wake.

Free Sick-Day Kit — education and organizing only. Not medical advice. Read medicine labels, follow your doctor's instructions, and keep the poison-control number handy (1-800-222-1222 in the US).
